Binding	½ yard	4 - 2½" x WOF

Fig. 1: Half Square Triangle Quick Piece

InDepth Tutorial: For an indepth tutorial, [head to the blog post here.](#)

Fig. 2: Quilt Top Layout

PIECING INSTRUCTIONS

1. Take all 7½" squares of background fabric and, using a ruler, draw a line from corner to corner on the wrong side according to **Fig 1a**.
2. Pair all background fabric squares with all colored 7½" squares right sides together with the background fabric on top so you can see the drawn line.
3. Using the drawn line as a guide, sew ¼" away on both sides of the drawn line according to **Fig 1b**. Repeat for all sets of squares.
4. With a rotary cutter and quilting ruler, cut directly on the drawn line to separate the two units according to **Fig 1c**. Repeat for all units.
5. Press the unit open with the seam towards the darker fabric being careful not to stretch the fabric. **Fig. 1d**. Repeat for all units to complete the half square triangle block.
6. Square each block to 6½".
7. Lay out all 30 blocks according to **Fig 2**.
8. Combine blocks together to make rows, and combine rows to complete the quilt top.

FINISHING THE QUILT

1. Baste and quilt using preferred methods. Trim excess batting from edges.
2. Sew binding strips together using a diagonal seam to create a single long strip.
3. Press in half length-wise so wrong sides are together.
4. Align raw edge of binding with raw edge of quilt and sew to attach binding strip to quilt.
5. Fold binding to opposite side of quilt and either machine bind or hand-stitch to finish.
